Dear Mr Sody

Recommendations on Differential Rating

The issue of differential rating was considered at the meeting of Council held on the 19th June 2006 at which the following resolution was passed:

"That the report on the Recommendations on Differential Rates be received and noted and that the Office of State/Local Government Relations be advised that Council does not support any changes to the differential rating provisions currently available under the Local Government Act 1999".

Council does realise however that rural councils have a different need and may wish for changes that gives them greater scope in the way in which they rate.

Yours sincerely

Ron Wallace
Chief Executive Officer
